

IRWSP in Madhya Pradesh

†1625. SHRI PYARELAL KHANDELWAL: Will the Minister of RURAL DEVELOPMENT be pleased to state:

- (a) the State-wise details of the amount allocated to States under the Intergrated Rural Water Supply Programme for the last two years;
- (b) whether it is also a fact that the said amount has not been fully utilized by certain States;
- (c) whether Non-Governmental organizations are also getting the Central funds under the said programmes;
- (d) if so, the State-wise details thereof; and
- (e) the details of the schemes pending with Government, which have been recommended by the Government of Madhya Pradesh?

THE MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT (SHRI CHANDRA SEKHAR SAHU): (a) There is no scheme called Integrated Rural Water Supply Programme. However, the Department releases funds to States/UTs for rural drinking water under Accelerated Rural Water Supply Programme (ARWSP) to supplement the efforts of States. The financial assistance and technical support is given through a Centrally Sponsored Scheme namely Accelerated Rural Water Supply Programme (ARWSP). State Governments are, however, competent to plan, sanction, implement and execute rural water supply schemes for the coverage of rural habitations and schools from funds provided under ARWSP. Details of schemes undertaken under ARWSP are not maintained at the Central level. The details of funds released to States/UTs during last two years are given in the enclosed Statement (See below).

(b) The ARWSP funds are released in two instalments. The first instalment is given at the beginning of financial year and the release of second instalment is done on the submission of proposals by respective States/UTs after having utilized 60% of their available funds by December end. It has been observed in previous years that most of the States have been able to obtain their allocated funds.

†Original notice of the question was received in Hindi.

(c) and (d) No, Sir.

(e) The release of funds under ARWSP is based on inter-State allocation based on several factors such as rural population, number of non covered habitations, geographical conditions and quality of available water. Hence details of schemes undertaken under ARWSP are not maintained at the Central level.

Statement

Allocation and Release under ARWSP During Last Two Years

(Rs. in lakh)
